

Web Development Fundamentals

Lab 04

Colors, Text, Links

You need to submit your work before the class ends to get your marks.

You need to be present in the lab to get a mark

Objective:

The purpose of today's lab session is to create various web pages that will provide experience with CSS colours, texts and links.

File Submission

Zip your folder lab04 into lab04<studentnumber>.zip and submit to Moodle.

Ensure that the exercise is working correctly in the lab04 folder before submitting.

Files to submit – index.html, contact.html, images folder with images and css folder with sport.css

You need to submit your work before the class ends to get your marks.

You need to be present in the lab to get a mark

Exercise 1:

The purpose of this exercise is to create a web page(index.html) for the Sport Spider

- Download HtmlTemplate from Moodle
- Open this file in Brackets and save as index.html
- The title should be "Sport Spider"
- Create a folder called images in the lab04 folder
- Save all your images to this folder
- Create a css folder in the lab04 folder
- Save the css file to this folder
- Create a web page with the following:
 - Background colour – beige
 - Font family for 'Sport Spider' is serif
 - Font family for body: sans-serif
 - Headings for 'The Company', 'Products', 'Location and Hours' should be red,
 - Create a link called 'Contact Us' that will link to the Contact page.
Links are styled as follows
 - Links –
 - Initial colour purple, no underline
 - Visited: colour yellow, no underline
 - Hover: colour red, underline
 - Active: colour green, no underline
- The text 'Republic of Ireland' and 'Northern Ireland' should be in italics
